

## Fred L. Hackney, M.D.

8315 Walnut Hill Ln., Ste. 225  
Dallas, TX 75231  
214-346-9222  
[www.drhackney.net](http://www.drhackney.net)

**SPECIALTY:** Plastic Surgery

Dr. Hackney takes a tailored approach to beauty in every procedure he performs. Interested in high-quality, not high-volume, he spends ample time with every patient so that, together, they can make the best decisions about cosmetic surgery procedures they're considering. He won't leave the operating room until he achieves his personal best on each procedure.

"I love the artistic side of this specialty. I enjoy reshaping an aspect of a person's body they aren't happy with into something which boosts their self esteem. When cosmetic surgery is performed correctly and safely, it can significantly change someone's life for the better."

One of the few plastic surgeons double board-certified in plastic surgery and oral & maxillofacial surgery, Dr. Hackney has earned the certificate of advanced education in cosmetic surgery from the American Society of Aesthetic Plastic Surgery. This extensive training and double board certification has earned him a stellar reputation for his rhinoplasty procedures.

After graduating *cum laude* from the University of Alabama Medical School, Dr. Hackney completed his residencies at Johns Hopkins Hospital, Vanderbilt University Medical Center, University of Texas Southwestern Medical Center, and the University of Texas Health Sciences Center at San Antonio.

Meet Dr. Hackney, hear him explain about procedures, and listen to patient testimonials by visiting [drhackney.net](http://drhackney.net) and experiencing his interactive Video Patient Educator.
